

PTO MEETING MINUTES

11-2-22

Mr. Vannoy: On Wednesday November 9th there will be an Active Shooter Training Event. The 1st hour will be components of what ALICE is. It is centered around (get out, barcade, encounter as last resort) The 2nd hour will be practice based. This will take place in the media center of the High School.

An FBI Agent came in last week and talked to the Middle School and the High School about Emoji drug code. (for example, the maple leaf is a universal sign for drugs) They also went over child internet safety, resources and guidelines.

He would like for the FBI to come back to speak with the parents as well. PTO is a great platform for her to speak. She will be coming from Pittsburgh area FBI. She will be discussing the cellphone culture, digital footprints, how to monitor a child's phone and much more. We discussed her coming in to speak on January 11th @ 6:00 in the Elementary Cafeteria. More information to follow
