

Section: Narratives - Needs Assessment

Introduction

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$ 249,848,000 or five percent (5%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to school districts, charter schools and cyber charter schools (collectively, LEAs) = to implement evidence-based interventions that address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that LEAs, at a minimum, use the funds they are awarded under this subgrant in the following ways: .

Percentage of LEA Allocation - Required Activities

30% - To address the social, emotional and mental health needs of students

10% - To provide professional development and technical assistance to educators, school support staff, school leaders and school health professionals to address the social, emotional and mental health needs of students.

8% - To address reading remediation and improvement for students

The remaining allocation may be used by the LEA to address and/or supplement other areas of learning loss caused by the pandemic.

Act 24 also requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer activities, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs.

Through this grant application, LEAs will meet their requirement of developing a three-part plan, including describing their planned programming, a narrative outlining the expected benefit of each program and activity, as well as an overview of how the LEA determined the areas of need to be addressed, including the use of stakeholder feedback.

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their

students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting student needs since March 2020.

Indicators of Impact

1. Understanding the Impact of the COVID-19 Pandemic: Describe how the LEA has identified or will identify the extent of the impact of the COVID-19 pandemic on student learning and well-being. Specifically, what methods (i.e., collecting and analyzing data and information from focus groups, surveys, and local assessment results) were used or will be used to identify and measure impacts in four key areas: (1) Social and Emotional Learning, (2) Professional Development needs to support Social and Emotional Learning, (3) Reading Remediation and Improvement for Students, and (4) Other areas of Learning Loss?

	Method used to Understand Each Type of Impact
Social and Emotional Learning	The Student Assistance Program (SAP) monitors those who have been impacted based on their behaviors and overall well-being. Follow-up referrals to the appropriate support agencies are made.
Professional Development for Social and Emotional Learning	Focus groups at both the administrative level and building levels are held to discuss programming to address and plan for the professional development for social and emotional learning.
Reading Remediation and Improvement for Students	Our reading and remedial teacher works with those students who are experiencing a learning loss. Evaluation of test scores, classroom assessments, and overall academic performance are utilized to determine those who may require support.
Other Learning Loss	Evaluation of test scores, classroom assessments, and overall academic performance are utilized to determine those who may require support.

Documenting Disproportionate Impacts

2. Identify the student groups in the LEA that faced particularly significant impacts from the pandemic in the areas of Social and Emotional Learning, Reading Remediation and Improvement, or any other areas of learning loss that the LEA will address with this funding source. For each, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Reading Remediation and Improvement	Evaluation of test scores, classroom assessments, and overall academic performance are utilized to determine those who may require support.

Student Group	Area of Impact	Provide specific strategies that were used or will be used to identify and measure impacts
Children with Disabilities	Reading Remediation and Improvement	Evaluation of test scores, classroom assessments, and overall academic performance are utilized to determine those who may require support.

Section: Narratives - Learning Loss Program Questions

Learning Loss Program Questions: In this section, LEAs are asked to describe the activities they have designed to support accelerated learning to combat learning loss caused by the COVID-19 pandemic for their students. Please use the following link to ensure that your calculated values below are equal to the values published on PDE's website. The file contains your LEA's MINIMUM required reserves for Learning Loss to address SEL, SEL PD, and Reading Improvement. [Click to download reserve amounts.](#)

*LEA's can choose to spend MORE than the minimum required reserves for Learning Loss. Those values will be entered in the budget sections.

Section 3a – Social and Emotional Learning: As schools across the Commonwealth return to school, LEAs face increased challenges in addressing the mental health needs of their students and staff. LEAs are required to utilize **A MINIMUM of THIRTY PERCENT (30%)** of funding available through this grant application to support the Social and Emotional Learning of their students. In this section, LEAs are asked to describe the activities they have designed to address these needs. Please reference the SEL framework to assist in developing this plan.

3. Calculate 30% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Social and Emotional Learning. *(Calculation will populate when you click the Save button)*

Minimum 30% SEL Requirement	134,302	30%	40,291

4. Describe the data sources the LEA is using to identify social and emotional needs of students and identify areas of strength and concerns in the learning environment.

Input from school counselors, SAP team, school resource officer, and the emotional support teacher is used to identify those students in need of services and support.

5. Program/Activities – Please describe the planned program activities and identify the type of activity and the number of students to be served by that activity.

Section 3c - Reading Improvement for Students:

LEA allocations in Reading improvement should be used to increase the best practice in the implementation of research-based reading instruction and acceleration. As schools are planning the most effective use for this 8% set aside for reading instruction and acceleration, they should contemplate the use of structured literacy (also known as Science of Literacy) to develop reading instruction and remediation. Please reference the Structured Literacy framework to assist in developing this plan [LINK NEEDED](#)

LEAs are required to utilize **A MINIMUM of EIGHT PERCENT (8%)** of their ARP-ESSER allocation for research-based reading instruction. In this section, describe the course of action to remediate and improve reading gaps through research-based practices.

- Calculate 8% of LEA Allocation as the **MINIMUM REQUIRED RESERVE** for Reading Improvement for Students. (Calculation will populate when you click the Save button)
 - This value will be needed in the corresponding budget section.

	Total LEA Allocation	Multiply by 8% (.08)	Minimum Allocation for Reading Improvement
Minimum 8% Reading Improvement Requirement	134,302	8%	10,744

- What local assessments were used to determine the need to address learning loss in the area of reading? For which specific groups of students was this need evidenced? What were the findings?

Dibels, Fastbridge, and PSSA were used as data resources.

- Does your data indicate that at-risk readers are making at least a year's worth of growth or more in one school year? *Please consider both state PVAAS data and local assessment data

No

Please explain:

The COVID-19 pandemic has prevented some students from making at least a year's worth of growth.

13. Has the LEA used structured literacy and/or provided training for K-4, ESL, and Special Education teachers in structured literacy?
